**Meiji Yasuda Selected as the “Climate Risk Initiative of the Year”,
in the “InsuranceERM Asia Pacific Awards 2024”**

Meiji Yasuda Life Insurance Company (Hideki Nagashima, President and Group CEO) would like to announce that we have been selected to “Climate Risk Initiative of the Year” in the “InsuranceERM Asia Pacific Awards 2024” for its efforts to address climate change risks.*1

●**InsuranceERM Asia Pacific Awards 2024**

InsuranceERM is a UK-based media specialized in insurance. It established "InsuranceERM Asia Pacific Awards" in 2024. The award system consists of various categories including asset management and ERM. Among them, a company recognized as particularly outstanding in its efforts to address climate change risks is selected to "Climate Risk Initiative of the Year".

●**Meiji Yasuda's initiatives to address climate change risks**

We set “Protect the environment and combat climate change” as a priority issue (materiality) in sustainability management & development. From the standpoint of both a business operator and an institutional investor, we identify and disclose climate change risks and promote initiatives to reduce CO2 emissions. Also, we became a "J.LEAGUE Climate Action Partner"*2 in 2023 and promote our actions on forest restoration and conservation in the "Forest to Weave the Future" supported by Meiji Yasuda and J.League.

We will continue to contribute to the creation of a sustainable and hopeful society including the realization of a carbon-free society.
